9:00 - 9:00

Friday
9:00 - 11:00

Saturday
8:00 - 11:00

Here's What's Happenin' in December!

We have been open for almost eight weeks now, from our very successful 10-10-10 Grand Opening Event! It has definitely been an amazing journey over the past year, from planting the seed of a dream to seeing the dream realized. David's Music House has a goal of becoming known throughout Peters Township and the South Hills as a community gathering place for lovers of music, the arts and of course, coffee!

Planning and working through all the aspects of starting a new business, especially during times when the country is going through some of the hardest economic times since the "Great Depression", can be challenging, but seeing moments when musicians of all ages, play songs from Rock to Folk to Jazz to Classical all in one room, on one stage, and on the same night, has made creating this "Total Music Experience" meet more than our highest expectations.

As we begin the month of December, we wonder how the Holiday Season got here so quickly? Thanksgiving came and went, the Christmas songs started playing on the radio and it suddenly got cold and snow arrived! Yes, we are in the heart of the BEST time of the year!

Here at David's Music House, we are busy making plans to bring music of the season to everyone with a Christmas Variety Concert featuring one of Pittsburgh's finest musical talents, Vicky Andreis, performing Friday, December 17th on the Coffee House Stage. Vicky will be joined by some musical friends and all of DMH's friends and families are sure to join in singing some of the Christmas classics we have all enjoyed for years. We invite everyone to take part in this festive event!

Things are also getting busy in our State of the Art, Apple Logic Recording Studio. The December schedule is filling up quickly. Check the coupon out in this newsletter for December's special deal! Some great talents took advantage of November's discount special and are on the way with their recording project.

Give us a call to schedule your recording project and reserve your block of time in the studio. Recording pricing, mixing, production and mastering pricing are available on www.davidsmusichouse.com.

Be sure to check out our December calendar for all the great events going on at David's Music House. Take a break from the hustle and bustle by stopping by DMH for the best La Prima coffee in town, our specialty cappuccinos, like our "Milky Way Swirl", Chai teas and lattes. Also enjoy any of our other tasty beverages or berry smoothies. We are constantly getting rave reviews about our amazing "Cookies by Rachel", featuring the favorites, Pumpkin Cupcake with Cream Cheese Icing or a Snickerdoodle cupcake with Chocolate Buttercream Icing ... just a few of our delicious pastries, including BIG Chocolate Chip Cookies, Brownies, Muffins and David's Music House Cookies.

All of us at David's Music House want to thank EVERYONE for supporting us and spreading the word to the community about our arrival to the area. We have been hearing nothing but the warmest of welcomes and positive feedback about our venue and family of employees. A special thanks goes to Karla, Katie & Kayla for their excellent service and friendly smiles!

Most of all, we at David's Music House want to wish the Merriest Christmas & Happiest New Year to you and your families and may your Holiday Season be a Safe and Happy one.

What Can You Discover at DMH?

If you haven't heard already, there's a new music inspired, coffee-serving, recording space in the South Hills. David's Music House is without a doubt one of the most unique spaces around and with enough room to have a relaxed meeting or attend your favorite concert. DMH is a place where musical possibilities are endless. Already, South Hills Music Academy has claimed their role as in-house music school, occupying the three secluded practice rooms.

In addition, there is a large rehearsal room for ensemble or band practice. In the front of the space sits a generously sized stage with the ability to accommodate the neighborhood garage band and national, touring acts. Then you have the crown jewel, the highlight of any proper music facility: the recording studio. Running the new Apple Logic Studio with the "Power Trio" on Mac Pro, DMH is fully capable of any recording session, from one song

to one album. To top it all off, DMH has its very own coffee house serving the finest Pittsburgh coffee from La Prima. In addition, you can find café favorites such as muffins and brownies and even fruit smoothies. If you love music or just love coffee, we hope to see you soon at David's Music House!
