Pick, Strum, Play!

Designed for students at all ability levels, including beginner. This is everyone's chance to see, learn about, and experience all the many genres, styles, and possibilities these six stringed wonder instruments can play! Students will be arranged by ability and will experience jazz, blues, country, classical, metal, and folk music and have opportunities to play each style. Students tie up the week with a short Friday afternoon performance. Students will need to have at least one year of experience with the guitar in a group or private instruction setting. Ages 9-18. If you're unsure if your student will benefit contact Amy, Music Director, for a free assessment and consultation.

The Total Music Experience Camp

BACK BY POPULAR DEMAND! This day camp is designed to give your beginner musician a taste of what we offer at David's Music House. Students will be grouped by ability and age and visit stations around our space exploring recording, our instrument "petting zoo," singing, performance, songwriting, voice and ear training, and group collaboration. These mini classes will wrap-up with a recording of your student on a CD to bring home. Students will even design their own CD case! A great experience for students who know how to play an instrument, or students who are curious about the process. Ages 8-18.
